PRINCIPAL'S REPORT 2012-13

Published on the College Day

Honorable Chief Guest Dr. S.C Joshi, Director, Institute of Wood science and Technology, Bangalore, Respected Directors of M.S.Ramaiah College of Arts, Science and Commerce, Sri M.R Janakiram and Sri M.R. Kodandaram, Chief Executive Sri S.M Acharya, Heads of Sister Institutions, Colleagues, our dear and cherished students, both past and present, members of the Electronic and Print Media, Ladies and Gentlemen!

I am privileged to present the 21st Annual Report of M.S Ramaiah College of Arts, Science and Commerce, Bangalore. At this moment, we would like to express our gratitude to all great men

and women in the past who rendered tireless and dedicated service to make MSRCASC what it is today. We remember with gratitude our founder late **Dr. M.S Ramaiah** whose vision and hard work laid the foundation for this great institution.

Our honorable Chairman **Sri M.R Jayaram** has been a tower of strength and we are truly grateful for his generosity. Our Vice Chairman, **Sri. M.R. Seetharam**, has stood by us and advises us on our many endeavors. We record our humble gratitude to him. Our honorable Secretary of GEF **Sri M.R Ramaiah** has been a source of encouragement to our institution and we are grateful to him.

The growth witnessed in our college and the success of all our programmes is in great measure due to the exemplary and dynamic leadership provided by our honorable Directors **Sri. M.R Janakiram and Sri M.R Kodandaram**. We thank them most sincerely for this.

We owe so much to our Chief Executive **Sri. S.M Acharya** for having touched and influenced every facet of life at M.S Ramaiah College of Arts, Science and Commerce with ease and with his customary efficiency. We thank him very much.

I congratulate the Vice Principals **Mrs. Kanakavalli T.E** (Sciences) and **Mr. B.S Jayaram** (Commerce & Management), who plan and executive all activities of the college meticulously.

I acknowledge with gratitude the tireless effort made by **Mr. Hanumantha Reddy** (Manager Finance, GEF- GS) and **Mr. Vishwanath Kulkarni** (Manager Academics) and their team for bringing the college under permanent affiliation in Bangalore University and for systematically taking care of the daily tasks of the office. The papers for 12B, 2f status of MSRCASC are filed with UGC and we await this status.

I also thank the deputy superintendents Dr. Rohini Bai, Mr. Ravindranath, Mrs. Geevarathna and their teams for their sincerity in conducting the Bangalore University examination twice this academic year.

We are indeed fortunate to have a band of committed, well qualified and efficient Heads of the departments, Librarians and Committee chair persons. I thank to each one of them for planning and executing their duties during and beyond college working hours.

A survey was conducted in the beginning of the academic year for our first year degree students. It clearly revealed that the best students opt for engineering and medical streams and only the next best come to the portals of Arts, Science and Commerce Colleges. I am extremely thankful to the dedicated staff members who groom these students and make them what they are today. Our entire teaching faculty, apart from their regular teaching, pitches in as committee members; proctors etc and help in mentoring the students. I would like to record my deepest gratitude and appreciation to all of them.

I sincerely commend the loyal service of our support staff who strives quietly behind scenes to keep the everyday life of the college going. I thank the services of Mr. Mahesh, Estate Assistant as he organizes the house keeping. To parents who have committed to our charge, their most prized possession- children- we thank you for giving us the opportunity to nurture them.

Each and every student of this college is special to us. It is because of you that we are here. As we congratulate all those who won prizes, we would like to encourage all students to do their best and wish all of them God's abundant blessings in the years to come.

The college has performed creditably and I present here a bird's eye view of the activities. The individual department activities and achievements are listed in the pages following this report. MSRCASC is accredited with 'A' grade by National Accreditation and Assessment Council (NAAC)

NAAC has launched a new methodology from April 1st 2012 for grading educational institutions. NAAC wants to identify intangible qualities in educational institutions- whether the programmes offered are gender neutral and how environmentally friendly the campuses are. The main thrust is now on research and innovation in institutions – a broader educational experience for students. NAAC has sponsored a one day workshop at MSRCASC on April 16th 2013 to discuss this new methodology which includes curriculum design, teaching-learning process, research, environment friendly infrastructure, student support, Faculty Development Programme, best practices and the like.

I. Curriculum Design

MSRCASC is affiliated to Bangalore University and the syllabus prescribed by the university is followed. However in order to provide enrichment and flexibility, all departments have offered add on courses to students.

The total number of students in the college is 1985, of this, 1717 are in the under graduate degree courses (BA, BSc, B.Com, BCA and BBM) and 268 are in the Post graduate Programme (MSc and MBA).

There are 80 well qualified faculty members, 17 office staff and 25 support staff who cater to the various needs of the students.

A long cherished dream of having a counselor for the college was made a reality this academic year. Ms. Arpana Jain joined as counselor to tackle absenteeism in students and counseling for special needs.

II. Teaching learning process

Our students have performed creditably in the Bangalore University examination. The cover page shows photographs of our achievers, the department reports present more of staff and student achievement.

In order to give the students an all-round education, MSRCASC provided the students various platforms to showcase their talents in sports and cultural activities.

III. Research

Proposals were called by Vision Group on Science and Technology, Government of Karnataka. Two of our projects were selected in all India level and funds granted for the two projects production of “Ethanol from House hold waste” & “Go green with Bio-Diesel preparation of nature friendly diesel”.

Faculty Development Programmes were conducted by the college. Staff members and students have several publications and a detailed list is found under individual department reports.

IV. Student Support

The Placement cell caters to the placement needs of the students and several companies have honored us with their presence and many final year students are already placed.

The Proctor system was planned and followed up by the Chief proctor Mrs. Malathi Palani. We appreciate the effort of the committee.

The Annual alumni meet saw a more than 380 number of our old students, their parents and their children making time and effort to come and fellowship with friends and staff. This year the Alumni staff members were also invited. The alumni association is headed by Mrs. Asha.

Library is manned by a dedicated group of staff, headed by our very efficient librarian Mr. Shivakumar.

The cultural committee provides the right platform for bringing out the latent and hidden talents of our students who have been fostered with great care by a dedicated group of staff members

who form the cultural committee headed by Mrs. Lalitha. Our students did commendably in many inter-college competitions and brought back several trophies.

V. Institutional Social Responsibility

National Service Scheme, Youth Red Cross and National Cadet Corps camps were conducted at regular intervals. These uniformed services contribute to the society and to the college in a responsible manner in various activities.

I am grateful to Mr. Ramakirhsnaiah T.N, programme officer of Youth Red Cross, Lt Shobit B, in-charge of National Cadet Corps and Mr. Surendra, National Service Scheme officer who provide opportunities for our students to serve the society.

The Environmental Science department under the leadership of Mrs. Alaknanda Adur caters to the environmental needs of the college.

Two blood donation camps were conducted. Donating blood to save the lives of injured or sick people is the social responsibility of everyone. These camps were organized jointly by NSS, Youth Red Cross and NCC.

Swami Vivekananda's 150th Birth anniversary celebrations were conducted on 11th January 2013. There were several competitions held to inculcate the values preached and practiced by Swami Vivekananda.

VI. Infrastructure

MSRCASC aims in providing an environment friendly campus to its stake holders. Blocks have rain water harvesting and bore-wells to cater to our needs. The organic waste produced in the canteen and juice shop along with the leaves make the raw material for the Biogas plant. This in future will produce gas equivalent to one cylinder. An energy garden is planned at the entrance next to Gate 8. It will provide clean air absorbing more carbon-di-oxide and releasing more oxygen preventing pollution at the junction.

This academic year the II floor of the Devasandra Block of MSRCASC was constructed and this provides more class rooms, a boys' room, a girls' room and a recreation room.

The toilet block in the main campus was extended and more toilets are now available.

VII. Best Practices

The IQAC headed by Vice Principal and HOD Electronics department Mrs. Kanakavalli T.E oversees that the college adopts best practices to ensure best services to students. They monitor quality in college and take care of the documentation necessary.

During the academic year our motherland has seen vandalism, mind blogging corruption, hardened hatred and disrespect for value of life. As we go forward, we would believe in the words of Winston Churchill – “the task which has been set before us is not above our strength, its pangs and toils are not beyond our endurance. As long as we have faith in our cause and unconquerable will to win, victory will not be denied us”

In closing I record by profound gratitude to God Almighty, for His protection on us. He has led us thus far and by His grace, we will press forward, knowing that we enjoy the goodwill of you in our great mission in the tutelage of the leaders of tomorrow.

Submitted Respectfully

IQAC ACTIVITIES 2012-13

The Internal Quality Assurance Cell (IQAC) of the college for the academic year 2012-2013 was constituted with the Principal Dr Sakuntala Samuelson, Vice principal Mrs T E Kanakavalli, Dr Kavitha S Raj, Mrs Alaknanda, Mrs B Ramya, Mrs. Nesa Sudha, Mrs. Karnam Kavitha, Mrs. Padmavathi, Dr. Manju Rani, Mrs. Sushma, Mrs. Haripriya, Mrs. Dhanalakshmi, Dr. Snehalatha, Mr. Vishwanath Kulkarni and Mr. Mahesh.

Quality sustenance activities of the year include lesson plan making, effective teaching and learning, proctor system to counsel the students, parent – teacher interactions, Internal examinations, overall development of students through NSS, NCC, Youth Red Cross, Sports, Cultural competitions, Academic competitions, Inter college competitions, Celebration of National festivals, National Science Day, awareness programs, etc.

Quality enhancement activities include extra coaching classes for students to try and get university ranks, extra coaching classes for improving the percentage of pass, publication of newsletter from several departments, updating lab equipments in the view of syllabus revision, industrial tours, Renewable Energy year Activities, Staff assessment by the students, Bangalore University exam result analysis, Enabling Government scholarships to eligible students and placement activities. Special efforts are taken by the college to encourage the research culture and to encourage the faculty to attend and present papers during National and International conferences. Add on courses have been conducted in several departments.

IQAC arranged for a stock taking and self analysis of each department with respect to the recommendations made by the peer committee of NAAC during their visit in 2009. The stock taking and self analysis lead to proposals by the departments and follow up of the proposals so as to address the recommendations.

In October 2012, IQAC along with the Principal's office took the initiative of requesting The NAAC to permit and sponsor a workshop relating to Quality improvement. NAAC office has permitted and sponsored Rs 50000/- for the conduct of a One day National level Workshop. The management of the college has sanctioned Rs 60000/- towards the workshop. The theme is "Revised Methodology 2012 in Assessment and Accreditation by NAAC" and it is slate for the 16th April 2013.

As it has been the practice in the previous years, the IQAC maintains the documents of the activities of the college and brings out the Annual Quality Assurance Report to be submitted to NAAC. Efforts are on to keep the information about the college to be updated in the college website at more frequent intervals. The constant support by the management of the college is the fundamental motivation for all the quality related activities of the college.

PROCTORIAL SYSTEM

Chief Proctor – Mrs A Malathi Palani, MCA, M.Phil, M.Tech

In MSRCASC Proctorial system has been introduced for effective improvement of student teacher relation in the college. All faculty members have been assigned a responsibility to mentor students as proctors. Batches of students (around 40) are assigned to a Proctor, who is a member of the teaching staff of the College. The proctors consistently watch the progress, attendance and conduct of his/her wards .The attendance details of their wards are calculated

every month by the proctors. The reports are sent to their parents twice in a year. The students are advised to keep constant contact, with their Proctor who is there to guide them in their academic and allied activities.

The crowd puller was the street play performed by the students of Arts department. The street play was based on the theme 'social change in youth'. Throughout the day the students were enthralled to take part in various competitions.

Students and staff members came dressed to suit the occasion – many in saffron colored clothes.

The meaningful day came to an end with the valedictory function. The chief guest for the occasion was Dr. Vishnu Narayan Bhat, a renowned professor in philosophy. He shared his thoughts on swami Vivekananda and also stressed on the fact that, in today's world youth should imbibe Swami Vivekananda's ideologies and principles. The guest also distributed prizes to the winners of various competitions held.

Renewable Energy Day Celebration – Inter college Programme

21st and 22nd August 2012 - REPORT

The Government of India had declared 20th August 2012 as Renewable Energy Day to commemorate the birth anniversary of late Prime Minister Shri Rajiv Gandhi. The year 2012 was also declared by the United Nations as the International year of Sustainable Energy for all.

M.S Ramaiah college of Arts, Science and Commerce in collaboration with Karnataka Science and Technology Academy, Department of Science and Technology, Government of Karnataka celebrated Renewable Energy day on 21st and 22nd August 2012. 50 colleges from all over Karnataka participated in the events

Essay Competition (Kannada & English)

A good response was obtained for the Essay competition on “Renewable Energy – Future Prospects”. Out of 56 essays 7 best from English and 6 best from Kannada were called for presentation.

1st prize of Kannada essay was bagged by HKES College.

2nd prize was bagged by M.S Ramaiah College of Arts, Science and Commerce for both Kannada and 1st for English.

3rd Prize of Kannada essay was bagged by HKES College.

2nd and 3rd prize bagged by Garden City College for English essay competition.

Quiz Competition (Prelims and Finals)

On 21st August, 54 teams participated in the science quiz. 5 teams proceeded to the finals.

1st prize was bagged by Garden City College.

2nd Prize was bagged by Reva Institution of Management

3rd Prize was bagged by Vijaya College.

Power Point Presentation

Several colleges participated in this competition. The best 13 Power point presentations were invited to personally present their work on 21st August on the topic “Renewable Energy and Sustainable technology”

1st Prize was awarded to Mrinal Dutt and Jain Harihanth

2nd Prize was awarded to Sneha and Jahnvi Rao

3rd Prize was shared between two teams 1st team included Aparna and Vishaka Kumar
2nd team included Kaushik and Gaurav

On 22nd August 2012, the programme was inaugurated by the dignitaries Padmabhushan Prof. U.R Rao, President of P.R.L council, ISRO who presided over the function. The Chief Guest was Dr. K. S Srinivas, Executive Director, centre for Renewable Energy and Sustainable Technology, Bangalore. Dr. H Honne Gowda presented the introductory remarks.

Prof U.R Rao considered various factors like area of land to be used for Sustainable energy production, its cost, and efficiency of conversion and requirement of such energy or power based on population for the technology to be arrived at.

With brief mention of various renewable sources he elaborated on energy from space like from moon / Mars as moon consists of Helium as source of energy for us, after calculating the various above mentioned factors, such technology could be made use of in near future.

Prof. Hoysala N Chanakya of Indian Institute of Science gave a talk on “The Biomass Fantasy”. He defined sustainable energy, its contributors and the members who require sustainable energy. He insisted on the present available commodity for sustainable energy as Biomass which according to him would still not be an alternative sustainable source as mankind looks towards harvesting from sea after invading land and animals”.

Dr. K.S Srinivas of Indian Institute of Science gave a talk on “Solar Electricity”. He emphasized on the usage of various solar based energy options including photovoltaic cells, Silicon based

cells, PV systems- DC power – Inverter – to lessen AC load and solar Micro grids and grid connected PV systems.

A short documentary film showing various options for energy conservation and sustainable sources was presented.

The two day informative effort came to an end by valedictory function which included Chief Guest Dr. S Kumar, President Gokula Education foundation (Medical) and the Guest of Honor Dr. H Honne Gowda, Member Secretary KSTA who graced the occasion.
