Every year is a special and unique year, 2016 for IQAC of RCASC stands special year as it celebrated its decennial year of establishment. On this special occasion, IQAC published First edition of its Newsletter “QUEST” which stands a moment of pride for us. We set out to create a newsletter that promotes and exhibits the activities initiated and conducted at RCASC leading to quality education, steering the image of perfectionist for last ten years.

The student community is adding up to the innovative ideas in various fields of academic endeavors. This journey with student as its members certainly helped in improving the teaching and learning standards as it will be on par with new generation.

IQAC of RCASC has organized its 2nd National Conference on the theme “Research, Consultancy and Innovation in HEIs- Issues & Challenges”. With this theme the first key note address and technical session was addressed by Dr. Parameshwar Iyer, Department of Management Studies, IISc. The second technical session was addressed by Dr. Madhukar, Deputy Advisor, NAAC. IQAC published as book ; compilation of Articles on different sub themes in the conference covering the vast areas of collaboration, research, innovation, and skill development. The total paper presentation in the conference was more than 25 in addition to the 80 faculty, 30 students and 1 alumni of RCASC as participants.

As the Best practice of RCASC, the Academic Audit is conducted twice a year , internal audit in the month of Sept, 2016 and External audit in the month of February 2017. With two of its external members. Several of the quality enhancement activities are proposed and implemented by the IQAC during each academic year since the establishment of IQAC. The activities include focused efforts to enable the students getting university ranks, extra coaching classes for the academically weak students, thereby improving the pass percentage of the college. Publication of newsletter from several departments, updating lab equipment in the view of syllabus revision, industrial tours, organizing activities to mark the theme of years like International Year of Renewable and Sustainable Energy, faculty and staff assessment by the students, university examinations’ result analysis, enabling government scholarships to eligible students and placement activities. Special efforts are taken to encourage the research culture and to encourage the faculty to attend and present papers during National and International conferences as well as publication of research papers in journals. Add-on courses have been conducted in several departments over the years to impart skills and knowledge to the students beyond the curriculum.
