Industrial Visit to Goa

Title: Industrial Visit to Goa

Date: 9th December to 13th December 2024

Place of Visit: Goa

Participants: II Year MSc students

No. of Participants: 78

Objective:

1. To observe the practical applications of theoretical knowledge gained in academic courses and understand how concepts are implemented in real-world scenarios.
2. To gain insights into advanced technologies, tools, and equipment used in the industry, relevant to their field of study.
3. To learn about the workflow, operational challenges, and solutions within the industry, including research methodologies and production processes.
4. To explore potential career opportunities, understand industry expectations, and gain clarity about the skills and qualifications required for various roles.
5. To interact with professionals, researchers, and industry experts to build connections and gain insights into current trends and innovations in the sector.

The Department of Biotechnology and Microbiology organized an Industrial visit for the PG students from 09.12.2024 to 13.12.2024. A total of 78 students participated in this industrial visit to Goa was a remarkable educational experience that allowed, M.Sc., students to bridge the gap between theory and practical. Engaging experts across diverse fields – ICAR Krishi Vigyan Kendra, Dairy industry, and oceanography- provided valuable insights that enhanced students' academic pursuits and future careers. The trip was well-organized and executed by the faculty members Dr. Sowbhagya A, Dr. Muktha H, Dr.R.Arvinganth, Dr. Tejaswini H.K. and returned on 27.12.2024. overall, the visit to Goa industries and research institutions was a significant step in the student's academic journey, reinforcing the importance of practical exposure in their education.

Glimpse of the Industrial Visit
