Dear Madam,

This is to bring to your notice that I have a collaborative project titled "*Structure based design and functional evaluation of potential inhibitors against HPV E6 protein*" with Dr. Vemula Vani, Asst. Prof, Dept. of Microbiology, MSRCASC as the Principal Investigator and I and Dr. Amarnath Sateesh, Asst. Prof, Dept. of Biochemistry, MSRCASC as Co-investigators which has been approved by Standing Research Committee, MSRCASC. The duration of the project is for three years starting from November 2020.

I agree to extend my cooperation to the other investigators of the project.

With regards

Sanjay Prasad
