Mr. Krishna Raj  
This is the mail from Campus Tech to cover other four institutes for the same price. In our server space presently contracted is sufficient to take the load of other four colleges.

Dear Sir,

We would extend the services to Ramaiah PU College, Ramaiah Law College, Ramaiah Polytechnic and Ramaiah School and train teachers at these institutions without any additional change.

Regarding discount, we have charged for only 2000 students instead of 2800 students, and also extending the services to other institutions without any cost. The hosting space cost is also 20 percent lower compared to last year.

The pricing is for annual pricing to be paid in advance. Since we provide associated accreditation services including non financial audits we do not have any option for quarterly payment.

Thanks,  
Suman

Sir,  
The server space taken from Campus Tech is towards the storing of NAAC documents of degree college.
