The guest speaker, Dr. Vani and the Vice Principal, professor Jayaram were honoured with a bouquet of flowers each. The lecture was opened by a few visionary words from the Vice Principal professor Jayaram, wishing the guest best of luck for the lecture.

In the lecture, the speaker gave a brief introduction to the emergency declared in 1975 by Indira Gandhi, which gave birth to fundamental duties of the citizens of India. It was an emergency where the rights of citizens were suspended, due to internal disturbances, Late Sri. Indira Gandhi felt the need to lay down the fundamental duties of the citizens of India by appointing Swaran singh committee.

As the lecture advanced, knowledge about each fundamental duty was explained, and when they were amended into the constitution of India. She quoted” P.V.Karne’s comment on how the Indian government was blindly following the western governance affected by the British rule”.

The Article 51 (a) contains the 11 fundamental duties of the citizens of India. At the beginning there were 6 duties which were increased by 4 more duties and finally we have the last one added according to the 86th Amendment Act.

The criticisms against the fundamental duties were also explained such as:

Vague ideas, fundamental duties not justiciable through the court of Law, few duties that was not mentioned (example: paying taxes, duty to vote, ensure we follow and practice family planning programme).

The fundamental duties are only applicable to the citizens of India where as the fundamental rights are applicable to all the citizens of India and the foreigners.

The session ended with the vote of thanks by Miss.Sushma from the department of Commerce. As a memorandum the guest, along the faculty and the students took a photograph.

Outcome: The seminar was interactive, interesting and while enjoying their rights, the citizens should also be conscious of the duties they owe to their country, society and their fellow citizens

Independence Day

2022-2023

On 15th August, our country India became independent from the colonial rule of the Britishers after a long battle of freedom struggle. The story of the freedom movement is already known to every Indian since childhood. From people suffering to breathe free air to fighters sacrificing their life for the country, the freedom movement has been an integral part of every Indian even after the country achieved liberty. Pandit Jawaharlal Nehru became the first Prime Minister of our independent India and hoisted the Indian national flag at the Lahori Gate of the Red Fort in Delhi. The moment was indeed special and his words touched every Indian. He said, “Long years ago, we made a tryst with destiny and now the time comes when we shall redeem our pledge. At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom.” His speech impacted millions of lives and contributed to the unity and power of the country.

76th INDEPENDENCE DAY CELEBRATIONS 2022 is celebrated in the Ramaiah College of Arts Science and Commerce with great patriotic fervor. The College celebrated this day along with all the other sister institutions of the Gokula Education Foundation (GEF– Eng & GS) at the RIT quadrangle. The Chief Guest was Sri. M.R. Seetharam, Vice-Chairman (GEF) unfurled the National Flag. The CEO, CFO (GEF), Heads of all the Institutions, faculty, Staff and Students took part in the celebrations with great enthusiasm and fervor. Student’s groups from all the GEF institutions performed Marchpast along with NCC and Airwing students and they sang patriotic songs, performed dances and skits around the theme of India’s Independence and the freedom struggle.

Speaking on the occasion the Chief Guest Shri. M.R. Seetharam said that the way we are growing is an example for many and is even big support to many developed countries. We have one of the best world-class soldier team, we have one of the best cricket legends, growing up in different sports and being a participant of big events like commonwealth, Olympic, and many other sports events. We have reached great strides in not only the various sectors of the economy but also in fields such as sports, entertainment, technology, science etc. This development is part of our tribute to the freedom fighters struggle who gave up their lives to give us this moment of living. We should feel lucky and should be thankful to them for this present standard of living.

She told the story of searching the God by Narendranath Datta, a young and intelligent scholar who wanted to search for God. During his search, he met numerous wise men but none of them were able to satiate his curious mind. Finally, he met a mystical yogi named Sri Ramakrishna Paramhansa at Dakshineswar. "Sir, have you seen God?" was the first question young Narendranath asked Ramakrishna. Ramakrishna promptly replied, "Yes, I have seen God. I see Him as I see you here, only more clearly. God can be seen. One can talk to him. This meeting proved to be a turning point in the life of Narendranath. Although Narendranath had met so many preachers and followers of God, he could not find a single person who would claim that he had "Seen" Him. Narendranath was so impressed with this meeting that he started visiting Ramakrishna daily. However, after a few visits, Narendranath told Sri Ramakrishna Paramhansa that he might be monomaniac and that is what made him imagine that there was a God to whom he was talking. Paramhansa just smiled and suddenly placed his right foot on Narendranath's chest and provided him with a glimpse of His supreme vision which had left Narendranath in a trance. Thus, started his journey from Narendranath to Swami Vivekananda.

She also talked about his visit to Chicago- Swami Vivekananda gave message of spiritual unison and creating new consciousness amongst youth. Swami Vivekananda represented India and consequently, Hindu Dharma in a world conference was held in Chicago for all religions in the year of 1893. Swami Vivekananda gave a message of spiritual unity to the world in this conference. He also emphasized that along with spiritual progress, materialistic / worldly progress was equally important. Swami Vivekananda's guidance helped to generate new consciousness and enthusiasm amongst the youth. Swami Vivekananda awakened patriotism and enthusiasm amongst people through spiritual discourses.

Among the various ways which Swami Vivekananda suggested to rebuild the Indian Society, Education was the primary means for empowering the people. He once said, "The education which does not help the common mass of people to equip themselves for the struggle for life, which does not bring out strength of character, a spirit of philanthropy, and the courage of a lion- is it worth the name? Real education is that which enables one to stand on one's own legs." For him, education meant secular learning that built character and instilled human values in students. And as Swami Vivekananda once exhorted, "Arise ! Awake ! And stop not till the goal is reached", let us all unite for the country with Purity, Patience and Perseverance as the Swami felt long ago.
