

REPORT ON ALUMNI INTERACTION WITH M.Sc CHEMISTRY & BIOCHEMISTRY STUDENTS

Dated 19th June, 2023

Alumni interaction is a pivotal element of fostering an enriching academic environment within educational institutions. In the context the involvement of alumni who have excelled in their fields, such as Dr. Abhishek Kundu, provides a unique opportunity for current students to gain insights and access resources that can significantly impact their educational journey.

Dr. Abhishek Kundu, is a distinguished alumnus of our institution in the department of Biochemistry, has made significant strides in the field of healthcare. Dr. Kundu discussed the numerous academic avenues within the medical college. These include pursuing further studies in specialized fields, such as medical research or healthcare management, or even teaching positions within the medical institution. Dr. Kundu emphasized the significance of research in healthcare and encouraged students to explore research positions and projects within the college. His guidance helped students understand how their skills can contribute to medical advancements.
