**Objective: The main objective of this activity is to motivate students to develop an interest in the subject, to appreciate the development of Mathematics over the years by Indian Mathematicians and to raise awareness among students about the importance of mathematics for the development of humanity.**

Department of Mathematics organized Poster presentation competition on account of National Mathematics Day on the topic “**Mathematicians for Everyone**”. National mathematics day is celebrated every year on 22<sup>nd</sup> December honoring the birth anniversary of mathematical genius Srinivasa Ramanujan- The man who knew infinity. The former Prime Minister of India, Manmohan Singh, declared December 22 as National Mathematics Day on February 26, 2012, when he was visiting Madras University in order to pay tribute to Ramanujan's achievements and celebrate his 125th birth anniversary. Since then, December 22 is celebrated as India's National Mathematics Day. Ramanujan compiled around 3,900 results consisting of equations and identities. One of his most treasured findings was his infinite series for pi.

The students of 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year B.Sc(EMCs) participated actively in poster presentation competition. In total 63 students participated in the competition. The competition started at 10 am. Students registered their names by 9.30 am to the coordinator. They were given places to showcase their posters. Some of the topics presented by the students are History of Mathematics, Probability and Statistics, Mathematics in Architecture, Mathematics in Agriculture, Algebra, Mathematics in Medical Science, Application of Mathematics in Sports, Application of mathematics in Differential equations and Fourier Analysis. Students were asked to prepare themselves to present the poster for 10 minutes in front of the judges. The judges for the competition were Dr.Machhindranath.M.Dhane and Dr.K.Vijayakumar Reddy. All the students enthusiastically presented the posters and answered the questions asked by judges. The judges rated the contestants based on the content, creativity and presentation. The prize winners of the competition are:
