

ABOUT US

Founded on the vision of Dr. M.S. Ramaiah, a pioneering philanthropist, Ramaiah College is a cornerstone of the Gokula Education Foundation (GEF), which was established in 1962 to advance education and healthcare. Since 1994, Ramaiah College of Arts, Science, and Commerce (MSRCASC) has embodied his mission, fostering a vibrant community of learning. Now an autonomous institution affiliated with Bengaluru City University and accredited with an "A" grade by NAAC, the college offers a transformative education that prepares students for a dynamic future.

Ranked 87th by the National Institutional Ranking Framework (NIRF) in 2024, the college is recognized as one of Karnataka's premier institutions. It has received prestigious designations such as the DBT-STAR College by India's Ministry of Science and Technology and has established a Research Center for biotechnology innovation. MSRCASC offers a robust array of undergraduate and postgraduate honors programs across the fields of Arts, Science, Commerce, and Management, serving over 2,900 students.

Our legacy lies in academic distinction, evidenced by numerous university ranks and gold medals. Ramaiah College continues to honor Dr. Ramaiah's vision by equipping students with the skills, knowledge, and values to excel and contribute meaningfully to society.

ABOUT NATIONAL SCIENCE DAY

National Science Day (NSD) is celebrated every year on February 28th. On this day in 1928, Dr. C. V. Raman discovered a phenomenon of scattering of photons later known as the "Raman Effect" after his name. After two years, in 1930, he got the Nobel prize for his remarkable discovery, the first Nobel prize for India in Science. National Science day is celebrated in India yearly to mark the discovery of his famous phenomenon. Govt. of India declared the day as National Science Day in 1986. The fundamental objective of the NSD is to propagate the message of the importance of Science and its application among the people and to promote the spirit of curiosity, creativity and scientific temperament in the young generation of India.
