## ISDC EVENT

The Department of Computer Science organized a **Guest Lecture** on the topic “**Global Education Awareness Program on Higher Education Abroad**” on **12th April 2025** at Mother Teresa Auditorium. The session, scheduled at 11:30 AM, was specially curated for the final-year students of **BCA** and **B.Sc (EMCs)**.

The program was formally inaugurated by **Ms. Hari Priya G. S., Assistant Professor**, and BCA Department. In her welcome address, she encouraged students to actively engage with the session and interact with the resource person to gain valuable insights into the process and opportunities of studying abroad.

Principal

IT quiz conducted by the department of Computer Science in association with Institution Innovation Council (IIC) . extends far beyond simply testing memory or recalling technical terms. It is a powerful educational and evaluative tool designed to assess, reinforce and expand an individual knowledge and understanding of key areas within the IT domain. These areas typically include computer hardware, software applications, programming languages, networking and other emerging technologies. As digital world continues to evolve at a rapid pace, staying updated with technological trends is no longer optional – it is essential. IT quizzes serve as a structured and engaging platform that encourages learners to remain curious, motivated and up to date with new developments in the tech landscape.
