VISION

To prepare men and women for the service of the country.

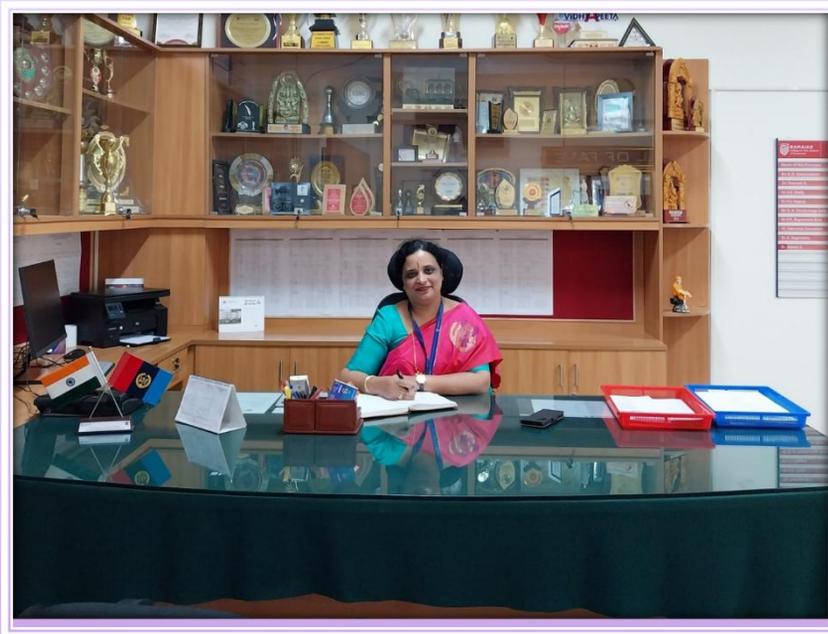

MISSION

Will deliver global quality education by nurturing a conducive learning environment for a better tomorrow through continuous improvement and customization

OBJECTIVE

1. To provide quality education
2. To impart life skills and values.
3. To train in confidence building and Decision making.

Principal's message

It fills me with immense pride and joy to reconnect with my dear alumni through this newsletter. Each of you have been an integral part of our institution's journey, and your achievements continue to inspire our current students and faculty alike.

At RCASC, we remain committed to fostering academic excellence, innovation, and holistic development. As we move forward, we aim to strengthen our alumni network, creating opportunities for collaboration, mentorship, and knowledge sharing. Your experiences and insights can make a significant impact on shaping the future of our students. I encourage you to stay connected, participate in our alumni events, and contribute to the legacy of RCASC. Your journey beyond our campus is a testament to the values and education you received here, and we take immense pride in your success. Thank you for being a part of the RCASC family. We look forward to welcoming you back, celebrating your milestones, and working together towards greater achievements.

Dr. Pushpa H

President's message (Alumni association)

This issue stands as a testament to the remarkable achievements and contributions of our alumni, who continue to make a positive impact in their respective spheres. It serves as a bridge that connects the past to the present, igniting nostalgia while embracing progress. I would like to express my gratitude and Thanks to the Principal Pushpa Madam, Jayaram Sir and all the Staff and all organising Committee of the Alumni Meet. I urge each one of you to actively engage with our alumni community, contribute your thoughts, and participate in the events and initiatives that keep our shared legacy alive. Let us continue to uplift each other and foster the values and memories that define our collective spirit. We are currently working on exciting initiatives, including Scholarship ,and your involvement can make a significant impact. Whether you share your expertise as a mentor, attend one of our upcoming reunions, or contribute and your participation enriches our community immensely. Thank you for your continued support and dedication to our alma mater. Together, let us build a vibrant and thriving alumni network that inspires generations to come.

Together, we can continue to make a difference and we need to give back to the society from where we have come from .

Insights from Our Honoured Guests

**Dr Reena Shyam,
BBA - 1996 1998**

**Director, IA School of Management
Studies ,
Sammilana-2026 - Chief guest**

My association with M. S. Ramaiah College of Arts, Science and Commerce began in 1996 when I joined as a BBA student, choosing a path that was not very common at the time. The institution gave me the courage to explore new ideas and shaped the way I think and lead. Years later, I returned as a faculty member and later had the privilege of serving as the Head of the MBA Department, giving back to the very place that had shaped my journey. Ramaiah did not just give me a degree it gave me mentors, lifelong friendships, and a strong sense of purpose. It remains a place that has profoundly influenced both my personal and professional life.

Returning to campus as a Chief Guest feels a little surreal—in my time here I was mostly trying to meet attendance and assignment deadlines! This college gave me more than just a degree; it gave me friendships, experiences, and stories I still laugh about. The labs, classrooms, and especially the canteen were where many important “discussions” happened. During my time here, I had the opportunity to take up leadership roles and actively participate in many college activities. I still remember hosting the National Youth Day celebrations as an MC-it remains one of my favorite memories. Our professors pushed us harder than we realized at the time, and I’m grateful for that today. Looking back, those busy days shaped much of who I am now. It’s wonderful to see the college continuing to grow and inspire students. Walking through the campus brings back a lot of nostalgia. Proud to always call this place my alma mater.

Once a Ramaiahian, always a Ramaiahian. .

Amrutha K N

**B.Sc. Biotechnology-2016-19
Executive director at Amruth organic
Fertilizers,Chitradurga, Sammilana-
2026 - Guest of Honor**

**Mr. Bharath R,
(Gagan Vihaari)
BCA-2011-14**

Actor, Sammilana-2026 - Guest of Honor

My time at Ramaiah College was truly special and shaped a big part of who I am today. I still remember the support the college gave when I directed my telefilm and hosted its first clap celebration on campus, which meant a lot to me. That encouragement gave me the confidence to dream bigger and pursue my passion in the entertainment industry. The memories, friendships, and guidance I received here will always stay close to my heart. It feels wonderful to return and celebrate.

Highlights of the year 2025

One of the highlights of the year was Sammilana 2025, our annual alumni meet. On this occasion, the Alumni Association extended its generous support towards student welfare by disbursing 23 scholarships, each worth Rs. 10,000, to meritorious students from economically weaker backgrounds. This noble initiative reflects the spirit of giving back and the deep commitment of our alumni towards nurturing future generations.

Further strengthening industry and alumni engagement, the Department of Computer Science organized a Guest Lecture on “Industry Applications of Data Analytics” on 11th August 2025 for 80 BCA students. The session was delivered by Mr. Suyash Sumant, Associate Talent Acquisition at Productive IT Solutions, who explained the practical applications of data analytics across sectors such as healthcare, finance, retail, manufacturing, and marketing.

Additionally, an Industry Project Demonstration was organized on 19th August 2025 for 113 BCA students, featuring alumni resource persons Mr. Tarun U, Business Analysis Analyst, and Ms. Kajal D, Process Automation Analyst from JP Morgan Chase & Co. The speakers demonstrated real-world projects related to business analysis and process automation, offering students practical insights into industry expectations, project workflows, and automation technologies.

Highlights of the year 2025

Adding to this, the institution also witnessed a vibrant sporting event under the Ramaiah Premier League - 2, where the RPL-2 Staff & Alumni Tennis Ball Cricket Championship was organized on 10th January 2026 by the Department of Sports. The championship saw enthusiastic participation from teaching staff, non-teaching staff, and alumni, fostering unity, teamwork, and a spirit of healthy competition. In the alumni category, the MBA 2022 Batch emerged as winners, followed by the MBA 2024 Batch as runners-up. The event served as an excellent platform to strengthen staff-alumni bonding while promoting sportsmanship and fitness.

The Department of Microbiology also conducted an enriching alumni interaction session titled “*Unlocking Career Paths with Alumni Voices.*” We were honored to host distinguished alumni, Mr. Mohammed Ali Khan, Research Consultant at Sangath India, and Ms. Sanjana Ghosh, Civil Service aspirant, both from the 2018 - 2021 batch. They shared their inspiring journeys and offered valuable insights into diverse career pathways, particularly in clinical psychology and civil services.

"Golden Days at Ramaiah: Memories That Last Forever"

I guess joining Ramaiah college was one of the best decisions of my life met friends from different states, different language, shared thoughts, perspectives and the faculties that helped us and guided us through the journey. I would definitely like to go back to those college times, if I ever get a chance again. I always miss those golden days where we had room for enjoyment improvement and the memories last for ever. I would always thank Ramaiah team for making my college life special and unforgettable. It's not about the destination it's about the journey

Arjun, MBA, Year Of Passing- 2025

"A Chapter etched in heart"

Some chapters of life remain etched in our hearts forever, and for me, that chapter was my time at Ramaiah. Being the Class Representative for three years at Ramaiah was one of the most defining experiences of my college life. It came with responsibilities, but it never felt like a burden instead it was filled with learning, fun, and unforgettable moments. From fest preparations and assignment deadlines to the nervous excitement of exams, every phase created memories I will cherish forever. The best thing that happened to me here was meeting my friends - Neha, Nandana, Sinchana, and Sravya who have been my constants through every high and low. I was also fortunate to learn from incredible teachers who not only guided us academically but often became our friends and pillars of support. Without a doubt, those three years at Ramaiah were the golden period of my life, and they will always hold a very special place in my heart.

Swapna Sahoo , B. Sc. Biotechnology,
Year Of Passing- 2025

“Not Just a Campus, But a Family”

It was never about the college... never about the buildings or classrooms. It was always about the people — the ones who turned ordinary days into unforgettable memories. Those 3 or 4 years weren't just years of study, they were years of laughter, late-night talks, silly fights, shared dreams, and moments that will stay with us for a lifetime. By the end, we don't cry because college is over...we cry because we won't see our friends every single day like we used to. Life will take each of us in different directions. Different paths, different cities, different futures. But the memories we created and the bond we built will always remain the same. No matter how much we fight, argue, or stay silent...in the end, it's always us — finding our way back to each other. Because some friendships aren't just part of college...they become part of our heart forever.

Yashaswini PN , B. Com, Year Of Passing- 2024

“From Coding Nights to Lasting Memories”

My college years were a blur of late-night coding sessions and endless chai breaks with friends. The professors who pushed me to think beyond textbooks left a lasting mark on my confidence. Those friendships and challenges shaped who I am today, grateful for every moment. College truly felt like a second home, full of growth and unforgettable memories.

Rishika Ghosh, B. Sc. Biotechnology, Year Of Passing- 2016

“Ramaiah: The Place That Shaped My Future”

My journey as a student at Ramaiah College of Arts, Science, and Commerce, where I completed both my BSc and MSc, has been truly unforgettable. College life was a beautiful blend of academics, fests, sports, competitions, workshops, and seminars that created lifelong memories. I can never forget my professors— it is because of them that I am where I am today. Their constant guidance, encouragement, and unwavering support shaped my confidence and career path. These golden days and the people who made them special will always remain close to my heart.

**Chandana A, M.Sc. Biochemistry,
Year Of Passing- 2024**

“A Journey of Friendship and Growth”

College wasn't just a place of learning — it was where I discovered myself. From last-minute assignments to endless laughter in the corridors, every moment became a memory I'll treasure forever. The friendships I built here turned into family, standing by me through every high and low. Our classrooms gave us knowledge, but our experiences gave us wisdom. I walk away with gratitude, confidence, and stories that will last a lifetime. Forever proud to call this chapter my foundation.

Keerthana S, B.Sc. Microbiology, Year Of Passing- 2025

“A Beautiful Chapter of My Life”

My college journey has been one of the most beautiful chapters of my life. It shaped not only my career but also my confidence and personality.

From unforgettable friendships to inspiring mentors, every moment taught me something valuable. The laughter in corridors and late study sessions will always stay close to my heart. This institution gave me memories, growth, and a legacy I'm proud to carry forward

Meghana C, B. Com, Year Of Passing- 2025

“From Lab Records to Antakshari”

Always deciding when to complete the lab record. When the classes will end and we can chill at canteen, waiting for our favourite teachers Prasana sir, both Chemistry hod and Microbiology faculty, playing antakshari at corridors. And me and suchit started bioenigna wall for our department.

**Rishabh Kumar Tiwari A , B.Sc.
Biotechnology, Year Of Passing- 2019**

“A Chapter That Shaped My Life”

College wasn't just a place to study, it was where I discovered who I truly am. The late night assignments, last-minute exam prep, and endless laughter with friends turned into memories I'll carry forever. Every classroom taught lessons beyond textbooks about resilience, teamwork, and growth. The friendships built here feel like lifelong bonds. I'm leaving with gratitude, confidence, and a heart full of unforgettable moments. This chapter may be closing, but its impact will stay with me always.

Musharraf Basha, B.com, Year Of Passing- 2024

“A Legacy Built at Ramaiah”

My journey at M. S. Ramaiah College has been truly unforgettable. The supportive faculty and vibrant campus life helped me grow both academically and personally. Every fest, seminar, and classroom discussion added beautiful memories to my college life. The college not only shaped my knowledge but also built my confidence and leadership skills. I will always cherish the friendships and experiences that became a part of my legacy. Proud to be a Ramaiah student forever!

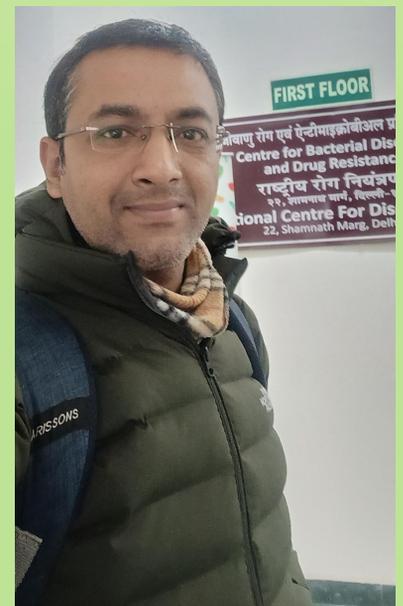

Pavithra. S, B. Com, Year Of Passing- 2025

“Ramaiah: Where My Passion for Microbiology Began”

Ramaiah gave me the first hand experience into biotech and microbiology. I still remember the beautiful library, those cricket matches and awesome teachings. I will ever like to come back as faculty now, if destiny gives me a scope. Current Principal Pushpa madam was HoD of microbiology back then and will never forget her beautiful drawing on board while teaching. I fall in love with microbial biotech. I went to an unknown city as a boy and come back as a mature guy with an inquisitive mind.

Dr. Naba Kumar Deka , B.Sc. Biotechnology, Year Of Passing- 2007

“Where Learning Met Laughter”

One of my most cherished memories is the vibrant classroom atmosphere filled with discussions, laughter, and healthy banter with both friends and faculty. The supportive environment and close friendships I built during those years made my academic journey truly special.

Logavarshini S, M.Sc. Biochemistry, Year Of Passing- 2025

“The Aura of My Alma Mater”

It was my best 3 years of degree spent so peacefully, handling both studies with cultural fests & participating on sports events, I would love to be a Alumni of this prestigious institution again if I have to because I miss the whole institution itself the aura and the peace of the college I can't find anywhere I felt.

Yeshaswini. M, B. Sc. Biotechnology, Year Of Passing- 2024

“A Journey of Growth and Camaraderie”

My college journey was filled with memories I'll always cherish, especially the days spent with my NCC batchmates. The discipline, bonding, camps & laughter we shared shaped who I am today. Serving as a student council member and Proctor for B.Com gave me the chance to connect, help & grow with my classmates. I was surrounded by positivity and constant support from both friends and teachers. Those moments didn't just create memories — they built confidence & lifelong values.

Kushi M, B. Com, Year Of Passing- 2023

“From Lab Coats to Life Lessons”

My journey at the Ramaiah college was filled with learning, laughter, and a little practical craziness. From rushing to finish experiments before the bell to last-minute record submissions, every lab day was memorable. The excitement of getting correct results after multiple trials taught me patience and teamwork. Our practical sessions were not just experiments, but moments of bonding and fun. Ramaiah gave me knowledge, confidence, and memories I'll always cherish.

Shashanth K, M.Sc. Biotechnology, Year Of Passing- 2025

“The Aura of My Alma Mater”

College has been one of the most unforgettable chapters of my life. It gave me not just education, but friendships, memories, and life lessons that I'll carry forever. From last-minute exam preparations to fun-filled events, every moment shaped who I am today. The support from faculty and friends made challenges easier and successes sweeter. I'm truly grateful for the growth, confidence, and experiences this journey has given me. This place will always hold a special place in my heart

R Vignesh , B. Com, Year Of Passing- 2025

“The Most Beautiful Phase of My Life”

My college days at M.S. Ramaiah College of Arts, Science and Commerce were filled with unforgettable memories, friendships, and life lessons. From lively classrooms and cultural fests to canteen laughter and last-minute exam preparations, every moment shaped who I am today. The campus was not just a place of learning, but a space where dreams began to take form. Those years will always remain close to my heart as the most beautiful phase of my life.

Akilandeshwari J, BA, Year Of Passing- 2022

“Ramaiah – My Second Home”

Spending both my BSc and MSc years at Ramaiah College has been one of the most meaningful and transformative chapters of my life, as the institution became my second home where I grew academically, personally and emotionally. The encouragement, guidance, trust and moral support from dedicated faculty members and the positive academic environment always boosted my confidence, eased my nervousness and motivated to perform my best with a positive mindset. I cherish the beautiful memories spent during classroom lectures, practical sessions, seminars, cultural events, library hours, guest lectures, industrial visits, till late evening project work, VIVAs, every phase strengthened my knowledge, shaped my skills & helped me grow with confidence. At my lowest point, our college library unexpectedly became the place of new beginnings. A few juniors (BSc EMCs) whom I met there soon became my greatest source of laughter, support and comfort. From then on, my presence was valued which made me feel that I was never alone in my journey. The pure and genuine friendship with my dearest ones always remains close to my heart. What made my journey even more special was the simple, yet heartfelt moment- exchanging "Good morning" with a security guard on our campus and receiving his sincere Good Luck wishes during exams made my stressful days feel lighter and more hopeful. With love and gratitude, I carry the values and memories that Ramaiah College has gifted me. A part of me will always belong to Ramaiah College.

“The Foundation of My Growth”

MS Ramaiah College was more than an institution for me; it was the foundation of my growth. It transformed a hesitant student into a confident individual ready to face the world. The discipline, resilience, and consistency I practice today were nurtured within its classrooms and labs. Ramaiah didn't just prepare me academically—it shaped my mindset and strengthened my character. The lessons I learned there continue to guide me in both my personal and professional journey. I will always remain grateful to the place that showed me my path forward.

Chitranjan R , B. Sc. Biotechnology, Year Of Passing- 2014

“A Journey of Camaraderie”

Reetha Medappa, B.Sc. Genetics, Year Of Passing- 2023

My most beautiful college memories will always belong to Ramaiah College, and I will always be grateful to my sister for guiding me to join here. I walked in as an introverted girl, and I still remember meeting Chaithu at the notice board in the corridor, that one small moment turned into a lifelong friendship. Over time, I found my circle Vasu, Chari, Gehena, Scamm, and Tharangini, each of them making every single day special in their own way. Those front two benches with Chaithu, Vasu, and Chari, laughing and living in our own little world, lab hours spent with Scamm, memories with Gehena, and late-night exam study calls with Tharangini, every moment felt priceless. Ramaiah College helped me discover a stronger and more fearless version of myself. Even as a COVID batch student, the memories I made here will forever remain the most beautiful chapter of my college life. Ramaiah College experience is the best time in my life, I wish I could come back as a student and study again.

“Where Confidence and Dreams Took Shape”

I had a wonderful time during my BCA journey. These years were filled with learning, new experiences, and great friendships. I gained not only knowledge about computers and technology but also confidence and valuable life lessons. As a girl, the support and encouragement I received from all my teachers meant a lot and helped me grow with confidence. Their guidance made my journey stronger and more meaningful. I will always cherish the memories and experiences from my BCA days.

Vidya Naicker, BCA, Year Of Passing- 2012

“Where Learning Met Life”

College was more than just classes and exams; it was a journey of growth, friendships, and unforgettable memories. Every experience here shaped my confidence, curiosity, and resilience. From late-night preparations to moments filled with laughter alongside friends, each day added something meaningful to my story. The constant support of my teachers and the vibrant spirit of my peers made this journey truly special. I will always cherish the lessons I learned and the bonds I built here, as this place will forever remain a beautiful and unforgettable chapter of my life.

Vimis Pagare, B.Com Genetics, Year Of Passing- 2014

“A Chapter of Learning, Friendship, and Growth”

My time in college has been a truly memorable journey filled with learning, growth, and meaningful experiences. The supportive faculty and vibrant campus environment helped me develop both academically and personally. I built great friendships, learned valuable life lessons, and gained confidence for the future. Every event, classroom discussion, and shared moment added something special to my journey. I will always cherish the memories and experiences that shaped me during these years. College will forever remain an important chapter of my life.

Sree krishna E, B.Com, Year Of Passing- 2016

“College Days: The Best Chapter of My Life”

"My college days were legit! From late-night camp sessions to epic game nights, those were the vibes. Professors who became mentors, friends who became fam. We partied hard, studied harder, and made memories 4 life. College was the best chapter of my life, hands down.

Sushil Dubey, BCA, Year Of Passing- 2013

“Seeds of Change: How MSRCASC Shaped My Path”

My journey at M.S. Ramaiah College of Arts, Science & Commerce between 2008 and 2011 was a defining chapter in my life. The college not only provided academic knowledge but also helped shape my mindset, discipline, and confidence to face the real world. During my BBM years, I was fortunate to learn from my professors who always encouraged us to think beyond textbooks. Their guidance helped us understand business concepts while also instilling values of integrity, leadership, and responsibility. After completing my graduation, I stepped into the corporate world and gained valuable professional experience. However, over time I felt a strong calling towards agriculture and rural development. This led me to transition from a corporate career to becoming a full-time farmer and agricultural entrepreneur. Today, I actively work in agriculture initiatives, farm development consulting, and farmer empowerment activities. My goal is to bring modern thinking, technology, and organized systems into farming so that farmers can achieve better productivity and financial stability. When I reflect on my journey, I realize that the confidence to explore new paths and take bold decisions was nurtured during my time at MSRCASC. The institution gave me the foundation to grow not just as a professional but also as a responsible individual committed to creating value in society. I remain deeply grateful to my teachers and the college for being an important part of my life journey.

**Sushil Dubey, BCA,
Year Of Passing- 2013**

“Shaping My Vision at MSRCASC”

I was a student of department of commerce during 2011 to 14 where I had an opportunity to learn a lot and create a new vision of mine. All faculty are well experience and motivated to take part in all activities which helped us to create our future very easily. I am thankful to management and teachers who blessed us with all necessary encouragement.

Poonam Patel, B.Com, Year Of Passing- 2014

“A Transformative Phase of My Life”

It was a memorable journey for three years of stay in the college and enjoyed every moment with lots of memories. I feel the entire change in my personality from a student to a profession with the guidance of support of our beloved teachers. All teachers have encouraged us to reach the heights of success. I wish all the best.

Maurya P, B. Com, Year Of Passing- 2014

“Where Confidence and Dreams Took Shape”

My time there was far more than attending lectures and writing examinations; it was a period filled with learning, friendships, and memorable experiences. Those years helped shape my confidence, broaden my perspective, and strengthen my determination. From preparing for exams together to sharing laughter with friends, every moment created a special memory. The guidance of my teachers and the encouragement of my classmates made these years truly meaningful. The knowledge gained and the relationships built will always remain close to my heart, making this phase a cherished part of my life.

Chaitra K, B. Com, Year Of Passing- 2017

“Guided by Excellence in Commerce”

MS Ramaiah College of Arts, Science and Commerce, Department of Commerce has made a good professional with high potentials to create my future. I am very proud of my department and faculty who taught throughout the program. I wish all the best to my college and my faculty members.

Varun Malavalli, B.Com, Year Of Passing- 2014

“Proud to Be a Commerce Graduate”

As an alumni of Ramaiah College, I cherish the memories and learning experiences I had during my time there. The college's emphasis on holistic development and industry-relevant skills has helped me excel in my career. I'm proud to be associated with Ramaiah College and grateful for the opportunities I've received.

Swetha V , B. Com, Year Of Passing- 2014

“Where Learning Met Lifelong Memories”

Being a part of this college has been a truly memorable journey. From learning new concepts in the classroom to sharing laughter with friends, every moment shaped me into a better person. The support from teachers and the experiences with my classmates made my college life special. These memories will always stay close to my heart. I am grateful for the lessons, friendships, and opportunities this college gave me. It will always remain an important chapter of my life.

Harshitha B, B.com, Year Of Passing- 2025

“More Than a Degree: My Ramaiah Journey”

Prakyath Vijayaraj, BBA, Year of passing-2021

Some journeys are measured in years. Others are measured in moments that shape who you become. My journey at MS Ramaiah College of Arts, Science and Commerce may have lasted only three semesters on campus before the world changed during the pandemic, but those three semesters gave me memories, lessons, and experiences that will stay with me for a lifetime. When I first stepped into the campus in 2018 as a BBA (DPT) student, I had the same excitement and curiosity that every student carries on their first day of college. Very quickly, Ramaiah became more than just a place to attend classes. It became a space where friendships were built, talents were discovered, and confidence slowly began to grow. The campus was vibrant and full of opportunities. Cultural fests, management competitions, sports events, and everyday campus life created experiences that truly felt like a real college story - moments of excitement, preparation, teamwork, and representing the college with pride. At times, it genuinely felt like living through scenes from Kirik Party - the energy of college festivals, the thrill of competitions, the laughter in corridors, and the unforgettable memories created with friends.

A defining part of my journey at Ramaiah was the incredible support system provided by our faculty. They were not just professors; they were mentors and in many ways family. I remain deeply grateful to Prarthan Cariappa ma'am, Dr. Savitha B. H., Savitha L. ma'am, Evelyn ma'am, Harshini ma'am, our Head of Department Dr. Lakshmipathi Naidu sir, NCC Officer Mahesh sir, and Anisha ma'am, who constantly guided and supported students like me. Their encouragement pushed us to participate, compete, and believe in our potential. They helped us in every aspect - academically and personally - and truly stood as our backbone throughout our journey. There is a quote by Harvey Specter from the series Suits that says, “Loyalty is a two-way street.” That perfectly reflects my relationship with my professors. I always trusted and stayed loyal to my mentors, and in return they stood by me, supported me, and believed in me at every step. After completing my BBA, I worked professionally for two years and gained valuable industry experience. The confidence and exposure I gained during my time at Ramaiah inspired me to take the next step in my academic journey. I later moved to Australia to pursue my Master's in Marketing at the University of Melbourne, one of the world's leading universities. Today, I continue to work in the marketing sector, building on the foundation that began during my undergraduate years. Looking back today, MS Ramaiah College was never just about lectures or examinations. It was about discovering who you are, learning from mentors who guide you, and creating memories that stay with you long after college ends. Some places give you a degree. A few rare places give you direction. For me, MS Ramaiah College will always be the place where a student discovered his confidence and began a journey that continues even today.

Ramaiah - The Place That Made Me Sustainable

Some institutions give you a degree.
Some give you exposure.
But MS Ramaiah College gave me direction... and more importantly, it gave me strength.
When I first stepped into the campus, I was just a student with dreams but very little confidence. I came from a simple background, carrying aspirations that were bigger than my fears - but still unsure if I truly belonged. The classrooms felt intimidating, the language barrier felt real, and the competition felt overwhelming. Yet today, when I look back, I realize something powerful:
Ramaiah did not just educate me - it shaped me. It taught me that fear is not a weakness; it is the beginning of growth.
It taught me that discipline is not punishment; it is preparation.
It taught me that consistency, even in small efforts, builds long-term sustainability.
The labs, the corridors, the lectures, the gentle corrections, the strict reminders - each of them carried a lesson far beyond academics. What felt challenging then has become my foundation today.
Ramaiah taught me how to stand firm when things feel uncertain.
It taught me how to improve silently, consistently. It showed me that goals are not achieved overnight - they are built patiently.
In my personal life, the emotional resilience I carry today was nurtured there.
In my professional journey, the discipline, structured thinking, and commitment to excellence were rooted there.
In the corporate world, we often speak about “sustainability” - the ability to sustain performance, growth, and balance.

For me, sustainability is not just a professional concept; it is a life principle. And that principle was born in Ramaiah.

Whenever life presents a difficult decision or a challenging phase, I find myself mentally walking through those campus corridors again. And somewhere within, a voice reminds me: “Keep going. You have grown through tougher days.”

That inner voice is Ramaiah.

If today I am able to move forward with clarity,
If I am able to face challenges with composure,
If I continue to pursue my goals with consistency,
It is because Ramaiah showed me the path - and taught me how to walk it.

For me, MS Ramaiah College is not just a chapter of my life.

It is the foundation of who I am.

And for that, I remain forever grateful.

Alumni Serving as Board of Studies (BOS) Members

The institution takes pride in its distinguished alumni who are contributing as Board of Studies (BOS) Members across various departments. Their academic expertise and professional experience greatly support curriculum development and strengthen the connection between academia and industry.

Department of Chemistry-UG

Ms. Lakshmi N – (Batch 2014–2017)-Research Assistant, Anthem Biosciences Pvt. Ltd., Electronic City, Bommasandra Industrial Area, Bengaluru.

Department of Biochemistry-UG

Ms. Vyshnavi V Rao – (Batch 2014–2016)-MES College of Arts, Commerce and Science, Vidyasagara Prof. M.P.L. Shastry Road, 15th Cross, Malleshwaram, Bengaluru – 560003.

Department of Biochemistry-PG

Mr. Sunil K S – (Batch 2016-18)- Research Associate (Manufacturing), Thermo Fisher Scientific, Bengaluru.

Department of Chemistry-PG

Mr. Rakshita Patel H – (Batch 2020–2022)- Analyst, Molecular Connections, Bengaluru.

Department of BCA
